

# Antimicrobial Detergent Sanitiser

The Hygiene Revolution™

Byotrol is a hygiene revolution. Its patented formula combines biocides in a way that amplifies their effectiveness. **Byotrol's Antimicrobial Detergent Sanitiser** simplifies the cleaning process. The cleaning and disinfection procedures are combined in one stage, reducing the number of chemicals, water usage and the downtime for cleaning. In areas where there is low-level soiling, a two-stage cleaning procedure using a separate detergent and sanitiser can be replaced with a one-stage process using Byotrol's Antimicrobial Detergent Sanitiser. This reduces labour, water and chemical costs and saves you money.

<b>Description</b>	Colourless, unscented, detergent	<b>Sizes</b>	<b>Ready to Use:</b> 500ml Trigger / 750ml Trigger
<b>MSDS</b>	B1945 (Conc) B1946 (RTU)		<b>Concentrate:</b> 5L / 25L / 210L / 1,000L

<b>Tested</b>	Successfully passed European Standards EN1276 against bacteria (TC 112) and EN1650 against yeasts (TC 80). <b>SABS 1853 and NRCS accredited.</b>
---------------	---

<b>Powerful</b>	Independently tested to be effective against microbes typically found on surfaces.
<b>Long-lasting</b>	Our own testing proves that Byotrol carries on being effective even when dry, lasting for many days on undisturbed surfaces. Most disinfectants stop working as soon as they have dried. After washing the product off, for residual protection apply Byotrol Surface Sanitiser.
<b>Gentle</b>	Byotrol is water-based, non-corrosive and non-hazardous. Gentle on skin.

<b>Application</b>	Can be used on materials commonly found within the Food & Beverage and Healthcare industry including stainless steel, aluminium, galvanised or chrome finishes, rubber, wood and plastics. Perform well in wet areas where residual efficacy is advantageous (ie. showers and baths).
--------------------	---

<b>pH</b>	6-8
-----------	-----

<b>Ingredients</b>	Aqua, C9-11 pareth 5 and 8, didecyldimonium chloride, benzalkonium chloride, polyhexamethylenebiguanide, dimethicone. Active ingredients < 1% RFU, <10% Concentrate.
--------------------	--

<b>Storage</b>	Store upright, away from heat, direct sunlight and out of the reach of children. Do not allow to freeze.
----------------	--

<b>Safety</b>	Avoid breathing any spray vapour. Keep away from eyes and inflamed skin. In case of contact with eyes, rinse with plenty of clean water. If accidentally swallowed, seek medical advice and show the product label. Do not mix with other products. Use biocides safely. Always read the label and product information before use.
---------------	--

<b>Directions</b>	Ensure the surface is free of gross debris, spray or wipe on - scrub and then rinse off.
-------------------	--

<b>Dilutions</b>	General: 3% (1:33) / Healthcare: 3% (1:33)
------------------	--
